

- Design, engineering, project development and shipbuilding for the oil & gas industry
- Completed the design of a state-of-the-art Liftboat (self-propelling multi-purpose jack up vessel)

- Construction will be commencing in our Singapore yard for sale or ownership and charter with or without partners

- Type: Class 320 Liftboat (BEL320-4R200S)
- Class: ABS Classification ✕ A1, Self-Elevating Unit, AMS, ACCU, DPS2 Unrestricted Service
- Hull Dimensions:
  - Length of main deck: 64.0m
  - Overall length including helideck 80.0m
  - Breadth of main deck: 40.0m
  - Depth of main hull: 6.2m
- Design Loads:
  - Total variable load: 1500MT
  - Main deck loading in working areas: 10MT/m<sup>2</sup>
  - Total deck area: 1000m<sup>2</sup>
- Accommodation: 200 pax
- Deck cranes: 300MT & 50MT
- Transit speed: 5~6 knots
- Total power: 6500eKW
